P.S. I thought I was writing on
another card that pictured
the Eiffel Tower.

We had some rain tonight

Dear Brother. I went out
and saw this tower
the other day and it sure
is a wonder. The Ferris
wheel is near and I went
on it. The tower is over
900 ft. high and the
Ferris wheel is about
300 I think. Nearly all of the
new arrivals in Paris get
an ailment somewhat
like a sore throat and
so we have almost all
been affected by it. I had it
but am well now and keep
going. The last few days and
nights have been quiet. H. B.
